Usman Mustafa

Full Stack Developer

With 1.5 years of professional experience, specializing in React.js, Next.js and modern JavaScript. Strong background in building responsive UIs, managing state with Redux and integrating REST APIs. Expanded expertise into backend technologies including Node.js, Express.js, MongoDB and MySQL. Adept with Github for version control and Postman for API testing. Skilled in creating responsive user interfaces and integrating APIs. Eager to leverage my skills in a new role.
